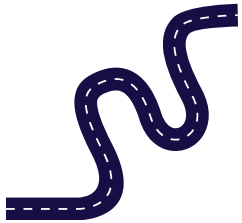
India's first Working BBA

Work is the curriculum

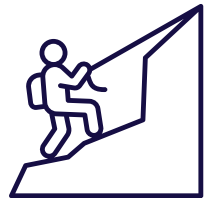
let's ENTERPRISE

Our North Star: **50 Right Students** by Aug 2026



We won't win by imitating others

We win be staying true to our CORE value



UG-MED is Rite of Passage

A faster path to the reality of adulthood

We filter for HUNGER

For students who demonstrated responsibility in school

Our students: **"I know I'm capable."**

Students at UG-MED have been active beyond the classroom in school.
They now want prove themselves in the real world.

"I want to have real experiences"

"I want to speak confidently to anyone"

"Give me work. I'll do it."

The fear isn't the workload. **It's an "Identity Gap"**

Our ideal students are restless doers. They need to prove themselves and want to get bigger work responsibilities sooner than others.

PERSONA 1: ACTIVE BEYOND SCHOOL
Craves visibility and recognition for what they've already built.

"I felt like whatever I have done is appreciated." - Ameya

PERSONA 2: SMART BUT RESERVED
Craves confidence and a non-judgemental space to grow.

"What if I don't fit in? What if I don't catch up" — Hussain

PERSONA 3: THE INTENTIONAL PIVOTER
Has tried other paths (CA, Law, regular BBA, BCA).

"I saw what wasn't working. This is what I need" - Zainab

Underlying fear is of being exposed as being "not good enough"

Parents are 'Risk Owners'. The right parents are catalysts.

Best

Best Performing

Parents are our best performing segment.

High

Strong Source

A high % of conversions come from a parent or older relative.

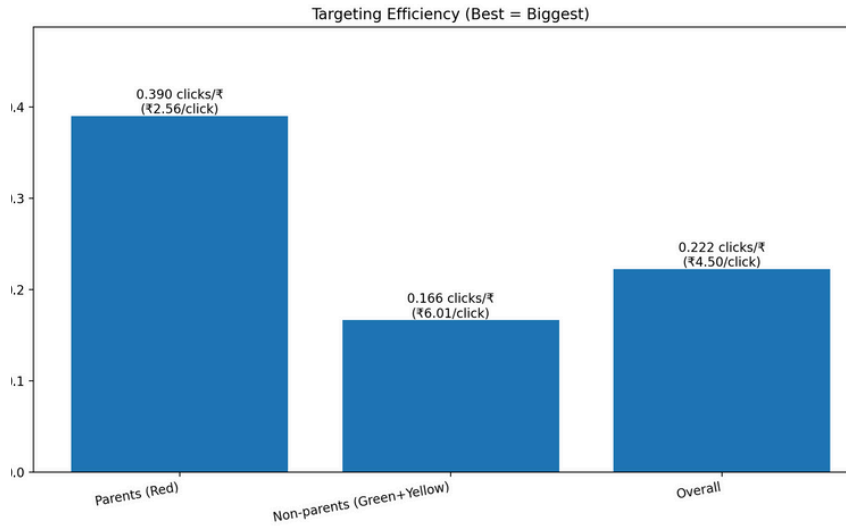
Key

Key Factor

Student and parent must be aligned for decision to happen

Key Insight

Parent ads are generating ~1.75× more clicks than their share of spend.

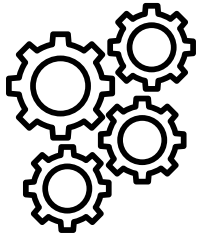


Parents get LE. The fear is **"Is my kid ready for this?"**

Parent trust increases when they see strong systems in place

Authority, not sales

LE Marketing as expertise led (not sales-y).



A Rigorous System

Industry grade assessments, feedback & coaching

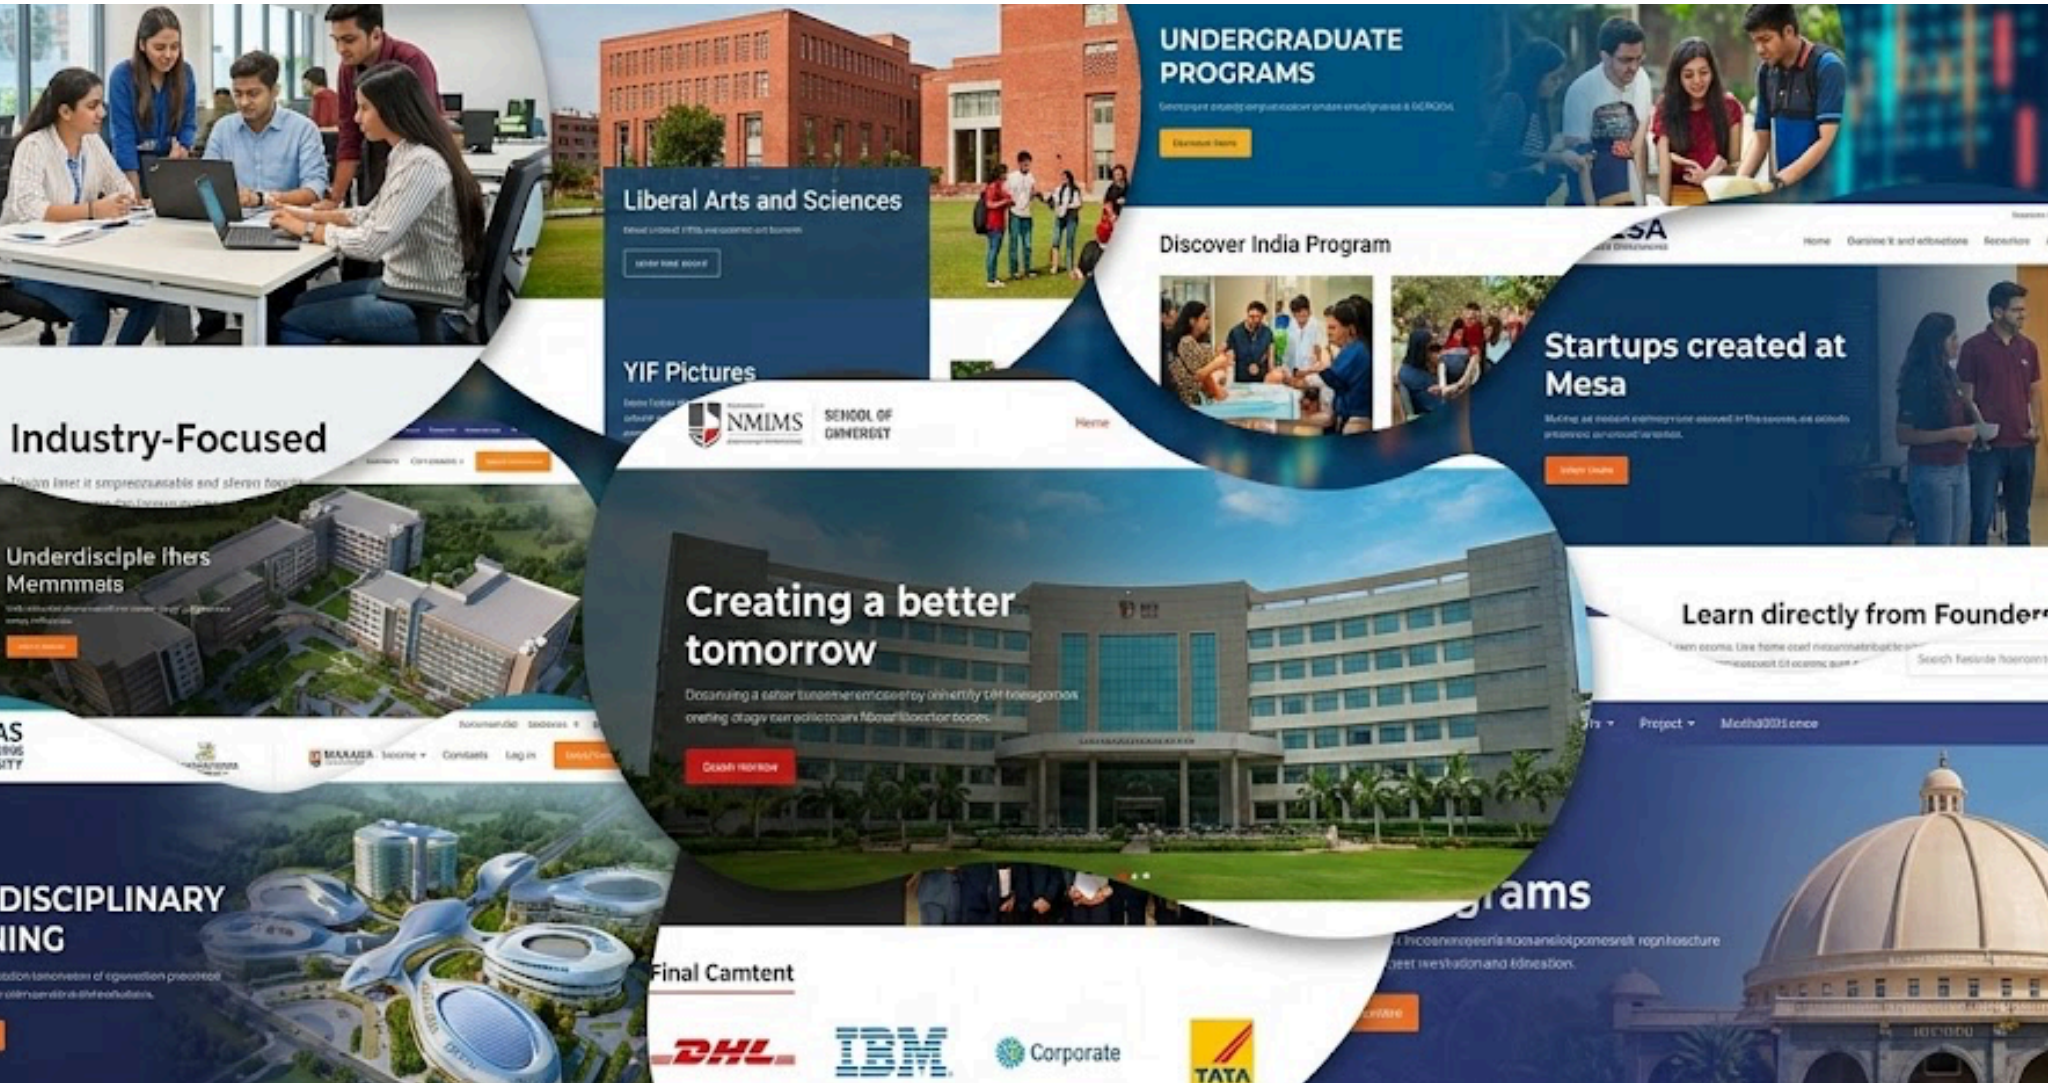
Productive Struggle

A program that battle prep's 'Joote Ghasne Padenge'

They want us assess their child and show them a roadmap.

Undergrad Business Education Sells One Promise: **Aspiration**

All colleges use catch-all words like innovation, transformation and leadership.



Aspiration is packaged in different flavors

Masters' Union | MESA School of Business — **Be a Founder**

ASHOKA UNIVERSITY | FLAME UNIVERSITY — **Be an intellectual**

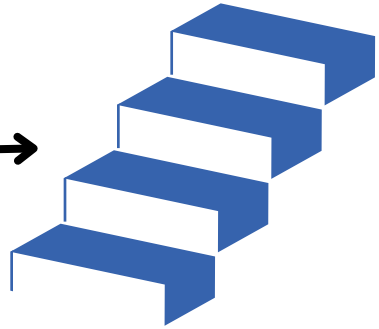
SPM SP Jain School of Global Management, UNIVERSITY OF BUSINESS & TECHOLOGY | SYMBIOSIS CENTRE FOR MANAGEMENT STUDIES — **Be a Global Citizen**

ATLAS SKILLTECH UNIVERSITY | MIT UNIVERSITY OF WORLD PEACE UNIVERSITY — **Be Future-Proof**

Our Strategic Choice: Don't Sell Aspiration. **Deliver Acceleration.**

Aspiration →

Acceleration →



- Aspiration is vague
- Generic terms like leadership
- Crowded space

- A tangible process of doing
- Focus on evidence collection
- Our unique & defensible territory

The working degree is **Reality-Led.**

Traditional colleges are 'Academic led'. New-age programs are 'Practitioner led.'
Real Portfolio building is the core of the Working Degree.

THE PROOF POINTS

Portfolio of work >> Regular Resume

5 real projects shipped with external clients	**15** months of work experience in 4 companies	**30** presentations made to industry leaders
Abiltiy to lead customer conversations	Tools to manage deadlines, projects and collaboration	EQ to handle feedback, rejection and iteration

THE WORK IS THE CURRICULUM

Straight talk from the top.
The right families will find us.

A. Before discovery (TOFU))

Fear shows up as:
"I don't fit the academic path"
"I need something more real"
"I want to be ahead, but I don't know how"

👉 Name the tension

"Not everyone is ready for real responsibility at 18."

B. During evaluation (MOFU)

Fear shows up as:
Sudden quiet
Questions about structure, safety, consequences
Seeking reassurance

👉 Normalize fear without lowering standards

"If this feels uncomfortable, that's information. The question is what you do with it."

C. At commitment (BOFU)

Fear becomes:
"This is irreversible"
"I can't hide anymore"

👉 Turn fear into choice, not reassurance

"Our job isn't to convince you you'll succeed. It's to test readiness honestly."

‘Not for everyone.’ repels some, but attracts the right ones

Real work with real clients at age 18 is a serious challenge.
Exclusion isn't arrogance; it's a necessary filter to ensure cohort quality and student success.

Checklist for “Demonstrated Hunger”

- [ ] Commitment: 2-3 year demonstrated commitment to something in high school (sports, art, community, business)
- [ ] Evidence: Can show work, outputs, logs, portfolio - not just ‘interest’
- [ ] Resilience: Has take critical feedback and reject and acted
- [ ] Trust: Parent confirm ‘once they decide, they do it’

Fearlessly communicate **what we stand for**

SPEAK TO STUDENTS AS ADULTS

STOP: Sugarcoating the difficulty

START: Showing the real work, the struggle and rigour from Day 1

ACTION: Directly name their fear in our content

"Earn your confidence through real work."

ENGAGE PARENTS IN A PARTNERSHIP OF TRUST

STOP: Treating them as secondary audience

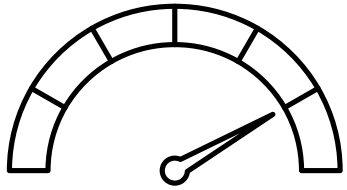
START: Creating dedicated content that showcases our high standards

ACTION: Parents need to feel 'they made the right decision'

"Learn + Work, your child won't waste 3 years"

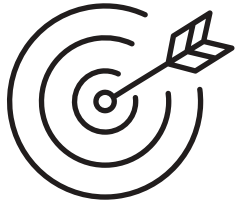
Deepen our CORE to attract and engage right students

Showcase the artefacts that trigger “this is how I can prove myself”



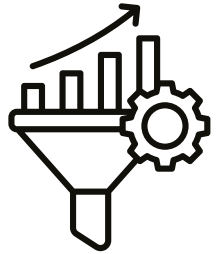
DEVELOP A HUNGER INDEX

An Index that changes based on engagement and commitment



VISUAL STUDENT WORK & JOURNEY

Real logs, records & images of student working on projects



DASHBOARD THAT GUIDES & MOTIVATES

Learning roadmaps, assessment & coaching notes

Not just any 50

For students who've already proven they can deliver in sports, in extra-curricula's, in community and in business, the Working BBA is a 3-year BBA where the work is the curriculum. While others sit in classrooms for 3 years, our students complete 5 client projects and 15 months of real apprenticeships with decision-makers. You graduate as the person leaders already trust to execute.

GOAL: Find the 50 for whom this is the logical choice.
